

WEB DESIGN PROPOSAL

Firm:
Vires5

Website
vires5-international.com

The Challenge

A brand new website for Vires5 and six different websites which have same brand identity for Vires5 products.

Our Proposed Solution

- A new custom design wordpress based website which is compatible latest web design and user experience standarts for Vires5.
- An additional custom design wordpress based website which is compatible latest web design and customer experience standart for one Vires5 product.
- Five different designed clone websites of the original product website. (This solution is for keeping total price low as possible.)

All websites will contain;

- Latest version of wordpress.
- Website control panel.
- Licensed plugins for websites needs.
- Custom design wordpress themes which is compatible latest web design and customer experience trends for 2021.
- Auto update function for wordpress, plugins and themes.
- Live website stats.
- Contact forms.
- Maillist subscriptions.
- Visitor monitoring.
- Social media streams.
- Licensed stock photos and videos.
